Description: We are looking for a dedicated and hard-working individual to join our team as a full-time PCS Field Technician. In this role, your primary responsibilities will be focused on soil sampling and field scouting, ensuring high-quality data collection and accuracy for PCS and our customers. Success in this role requires strong attention to detail, excellent organization skills, and the ability to work independently in varying field conditions.

Duties & Responsibilities:

- Accurately document progress using company-provided apps.
- Communicate regularly with the Manager.
- Operate UTVs across various terrains and weather conditions.
- Safely operate PCS-issued vehicles, trailers, UTVs, and other equipment, ensuring proper care to prevent damage or unnecessary repairs.
- Collaborate with the PCS team to ensure accurate execution of sampling tasks.
- Travel to fields across designated regions using company-provided tools. Occasional overnight stays may be required, with accommodations provided.
- Collect soil samples with hand probes when necessary.
- Assist with field scouting efforts, helping to identify crop health, pest issues, and other agronomic factors that influence decision-making.
- Perform general labor tasks as needed in the field, office, or other locations
- Treat equipment, customers, and data with respect and confidentiality.
- Maintain high levels of self-motivation, communication, organization, and time management.

Additional Duties:

- Assist with office tasks as needed, such as data entry, organizing files, or preparing reports.

Qualifications

Required:

- Valid driver's license and acceptable driving record.
- Ability to navigate farm landscape and terrain, collect soil samples, and lift necessary equipment.

Preferred:

- High School Diploma or GED
- Flexibility in working hours, including extended or flex hours.
