

**Program Overview:** Join our team for an immersive experience in cutting-edge agricultural technology and row crop agronomy. This internship provides hands-on opportunities to support our team in working with customers to manage their agronomic operations. You'll receive on-the-job training in areas such as precision agriculture data management, soil sampling, and crop scouting. Additionally, you'll engage in various data-focused projects throughout the program. If you are hardworking, passionate about agriculture, and thrive in a collaborative environment, we encourage you to apply.

**Key Responsibilities:**

- Utilize advanced tools and techniques to support agronomic operations,
- Collect and manage precision agriculture data, perform soil sampling. And conduct crop scouting and field operations.
- Contribute to data-driven projects and collaborate with team members.
- Present a summary of your internship experience to the PCS team at the conclusion of the program.

**Internship Expectations:**

- Treat all equipment, customer interactions, and data with the utmost respect, confidentiality, and care.
- Uphold the integrity of the PCS brand by delivering high-quality results and maintaining a positive attitude.
- Bring energy and creativity to tackle new challenges and projects,
- Provide honest feedback to management and share ideas to improve business processes.
- Communicate effectively with customers, the PCS team, and external partners.

**Requirements/Qualifications:**

- Valid driver's License with an acceptable driving record and ability to travel to our office.
- Proficiency in Microsoft Office applications and familiarity with daily computer work.
- Ability to lift up to 50 pounds and work in diverse environments, including office and outdoor settings for extended periods of time.
- Comfortable with the use of phone apps for tracking scouting activities and resources.
- Physical capabilities to perform strenuous tasks in various weather conditions
- Ability to work Monday through Friday, 8:00 a.m. – 5:00 p.m.
